Commercial and Money Matters. MONDAY, P. M.

There was a thin attendance at the Board to-day and no disposition evinced to buy. The only change in prices was per cent advance on Stonington. There are moderate sales of Sterling at 5% a 6, and France.

Inland Exchanges are very quiet to-day. There appears to be a difference of opinion as to the amount of specie brought by the Britannia. We have good authority for fixing the amount at £130,000 or about \$650,-000, of which about three-quarters comes to this City. The

Orleans from Valparaiso brings considerable builion.
The resignation of Mr. Nicoll of the New-York Life and Trust Co. has caused much suspicion in Wall-st. We had intended not to allude to the circumstances of the case, but as a morning paper has brought the matter before the pub. lic we have no longer the same reasons for silence. It is generally known in Wall-st. that Mr. Nicoll was requested to resign in consequence of it being discovered by the Directors that he was in the habit of buying lottery tickets, and they rightly judged that such a habit was incompatible with the responsibilities of the position he occupied. At the same time they distinctly state that there is no defalcation in Nicoll's accounts and that the only money used in these speculations, has been his own. Mr. N. sometime since drew a prize of \$12,000 which, however, be has since lost as he won it. The Directors of the Company are commended for requiring the resignation of Mr. N. under the circumstances, but have been censured in some quarters for an apparent desire to give undue publicity to the reason for such action. We have given the above statement in justice to Mr. Nicoll, to whom the Trust Co. owes much of its presperity, and to arrest the rumors of defalcations, &c. which are current. Not the slightest stain rests upon the character

A new issue of counterfelt Tens on the State Bank, Newark, has been made in this City. They are lithograped on their paper and poorly executed. Letter A, pay Ransom Sturges, Nov. 13, 1842. J. D. Vermilyea, Cashier. Elias Van Arsdale, President.

One dollar notes of the Frederick County Bank altered to Fives are in circulation at Baltimore.

The Planters' and Merchants' Bank of Mobile has gone into I quidation according to the vote of the Stockholders. The Stockholders have rather a poor look. A Committee of the Alabama Legislature have reported that it is desirable to wind up all the Banks.

The Maryland Legislature have been petitioned to investigate the condition of the Farmers' and Millers' Bank, at Hag erstown. There was a fair business done at the Philadelphia Stock Reard. State Fives continue in demand at 434; Sixes at 46-48 asked. No change whatever in the money market.

At Mobile 15th, sight bills on New-York were 101 a 11; 60 days, 9 per cent; Sterling, 14} a 15. At New Orleans, the demand for Foreign Exchange has been very animated, and the rates have consequently advanced, and still preserve an upward tendency. Sterling, 4 a 5 per cent premium; France, 5 55. Domestic Exchange

is flat. 60 days bills on New-York, 2 a 21 per cent discount sight checks. 1 a 2 per cent discount. The Chio Commissioners of the Canal Fund have made a report, in which they state that since the 15th of November they have made the following loans :

The rates at which this was sold, varies from 50 to 80 cents on the dollar. The reader will see that the sum total is a traction less than 70 cents on the dollar, and that is about the present value of the stock.

No magazine has ever appeared in the United States, which has been so cordially commended by the press as this. The annexed are but a small fraction of these commendatory notices: VERDICT OF THE PRESS.

It bids fair to take a high if not the highest stand among the beautiful illustrated manthlies of the North. The two leading engravings are admirable, the print of the fashions is tasteful, and the other illustrations are spirited.

[Charleston (S. C.) Mercury.

We have no hesitation in saying, that in our opinion, it will be the ablest and best periodical, of the price, published the coming year.

The merzoint entitled "Florette," is the pretiest thing I ever saw in a magazine. This number is a very *greenble one, and is equal to the best of Graham's.

[Boston Morning Post It is beautifully got up, with splendid engravings, and no less splendor of celebrated names among its contributors—superintended by Mr. Epes Sargeat, a gentleman of fine talents and acquirements. [Bryant in the N. Y. Ev. Post.

We understand that Sargent's New Monthiy Magazine, which is unsurpassed in its enhellistments and literary contents by any similar work, has rapidly sprung into a circulation sufficient to place it beyond the risk of failure. The National Intelligencer calls this "the most brilliant magazine of the day." The work has already become a great favorite with the ladies. [Boston Evening Gazette.

The January number contains five engravings, the first of which is the most superb mezzotint ever published in a periodical.
